STATEMENT OF ADMINISTRATION POLICY

H.R. 7892 – No Aid for Ghost Students Act of 2026 (Rep. Owens, R-UT, and four cosponsors)

The Administration supports passage of H.R. 7892, the No Aid for Ghost Students Act of 2026, to protect taxpayer-funded Federal student aid. Support for students at American universities and colleges is threatened when sophisticated fraud networks exploit vulnerabilities in the financial aid system. Not only do criminal “ghost student” schemes steal taxpayer dollars, but they also deprive real students of the opportunity to invest in their future.

The Trump Administration is already taking steps to eliminate fraud in Federal student aid, as part of its whole-of-government war on fraud. Since taking office in January 2025, the Administration has prevented over one billion dollars in attempted financial aid theft by fraudsters. In April 2026, the Administration launched a real-time fraud detection system for the Free Application for Federal Student Aid (FAFSA), which is already flagging fraudulent applications as would be required by the bill. H.R. 7892 would codify the Administration’s important work and ensure that these protections will continue in future administrations.

If H.R. 7892 were presented to the President, his advisors would recommend that he sign it into law.
